

HB6962- AN ACT CONCERNING FIREARM SAFETY  
OPPOSE

**Good Morning:**

My name is Douglas Sharafanowich and I am a resident of Milford. (contact information below). Unfortunately, due to health issues, I am not able to appear before the committee at this week's meeting. I sincerely regret not being able to address the committee in person.

With that said, I thank you for the opportunity to address the committee on this Bill that is before the committee members today.

To say that this amendment is bad legislation is an understatement.

It flies in the face of logic, fairness, and goes beyond the realm of reality and common sense. It poses a direct attack upon the good citizens of this state with firearms, and creates an unnecessary (not to mention onerous) level of government and governmental control.

To conclude this amendment is unworthy of further advancement through the legislative process.

Thank you for your consideration of these points.

**Regards,**
